

Tim and Doris Ott

Tim and Doris Ott are called to bring freedom to the Body of Christ through biblically-based prayer and counseling. They function as a spiritual father and mother to bring healing and direction to the “fatherless” and disillusioned.

Their passion for the ministry of spiritual healing was stimulated by their own journey. They received prayer ministry and inner healing to overcome many of their own hurts and pains. Through this healing, they discovered their own a passion to see others overcome their fears and blocks.

In May 2001, they attended a Deliverance/Prayer Counseling school in Tampa, Florida. Since that time, they have ministered freedom to those who are wounded by the hurts and pains of life. Their ministry of spiritual healing has touched people both in North and South America.

In November of 2007, they moved to Alberta from British Columbia to work with others who share their passion for spiritual healing. In addition, they received more training through a counseling course offer by Run-Free Ministries.

In March 2009, they were certified as Strategic Life Alignment (‘SLA’) Consultants. The SLA Certification enhanced their ministry by enabling them to not only facilitate spiritual healing but also to help people discover their life purpose.

Prior to beginning their healing ministry, Tim and Doris enjoyed a twenty year successful entrepreneurial career in both the waste management and bottled water businesses. Also, Doris is trained dental technician.

Tim and Doris met in 1981 and married after whirlwind romance of seven months. They live in Coaldale, AB Canada where they serve many including those in their church and their five adult children.
